Depilation head with 18 tweezers & shaving attachment with long hair trimmer

The package of **Arzum Softy**, which is offered in a smart storage bag, includes a main unit as well as a depilation head, a special shaver head for sensitive areas, transparent protective covers for heads, an adapter and a cleaning brush.

**Arzum Softy Hair Removal** is ideal for removal of unwanted hair with its depilation head and special interchangeable shaver head for sensitive areas. This appliance ensures rapidly and for a long period of time that you would have a silky soft skin.

**Arzum Softy Hair Removal** is designed to be used on all your sensitive areas including individual facial hairs on the chin, legs, bikini line and underarms.

**Before using your Arzum Softy Hair Removal, please read this instruction manual carefully and completely.**

## Attention

**Do not use your appliance in a bathtub filled-in with water, washbasin, etc. where it may be immersed or dropped into water. If the hair removal drops into water do not try to take out of water without unplugging the unit.**

**Arzum Softyl Hair Removal** can be used with the adapter supplied with the unit, after being plugged into an electric outlet.

## Attention

Before plugging into an electric outlet make sure that the voltage rating indicated on the unit is appropriate for the local voltage. This is quite important especially when traveling abroad.

## IMPORTANT SAFEGUARDS

- Use your **Arzum Softy Hair Removal** only as defined and for purposes described in this instruction manual.
- Only use your unit with the adapter supplied with the unit.
- Do not wrap the cord of your adapter around the unit.
- Always unplug your **Arzum Softy Hair Removal** before cleaning or when it is not in use.

- Keep the protective cap on your unit when it is not in use.
- To reduce the risk of burns, fire, or electric shock, **NEVER** leave your **Arzum Softy Hair Removal** unattended while plugged in.
- **ALWAYS keep the appliance dry.**
- This appliance is not to be used on, by or near children.
- Your **Arzum Softy Hair Removal** is for household use only.
- Do not use your **Arzum Softy Hair Removal** if you have varicose veins, blemishes, or when your skin gets inflamed; consult with your physician if necessary.
- If you have a pacemaker or similar electronic medical appliances **ALWAYS** consult with your physician prior to use.
- Using a hair removal may cause redness or irritation on particular sensitive skins. This is a normal reaction that will quickly disappear. If any irritation remains for more than 3 days consult your physician.
- When the unit is in use, keep it away from the hair on your scalp, your eyebrows, eyelashes as well as clothes, brushes, wires, cords, shoelace, etc.
- Regular skin massaging with a massaging glove or fiber, may help reduce the chance or concurrence of ingrown hairs.
- If you have varicose veins, blemishes, or when your skin is irritated do not use your **Arzum Softy Hair Removal**. Consult with your physician. If you have any medical conditions or any sensitivity whatsoever please consult with your physician before using this product.
- Regarding any medical issues, conditions, or questions, we **STRONGLY** advise you to consult with your physician prior to use of your appliance.
- If you have a pacemaker **ALWAYS** consult with your physician prior to use.

## INSTRUCTIONS FOR USE

- Before using your appliance for the first time, familiarize yourself with the feeling given by the unit when removing hair from the root. We suggest that you try the unit on the back of your hand. The slight sensation you feel will diminish over time and you will be hair free for 4-6 weeks.
- Your unit is only intended to remove single hairs from the upper lip and chin. Hold area taut, and use a small brushing motion. **Arzum Softy Hair Removal is NOT an electric shaver and should NOT be used like an electric shaver on your entire face.** Using the unit like an electric shaver, without holding the skin taut, could potentially allow the appliance to pinch or grab the skin, which could cause irritation and skin damage.
- Before removing the hair from bikini line and underarms it is important to use a fiber sponge or exfoliation cream in a warm shower or bath to remove dead skin and help minimize the chance or occurrence of ingrown hairs. If it has been an extended amount of time since you have removed hair from your bikini line and underarms, trim the hair with a scissor or trimmer. Make sure to hold your skin taut with one hand while removing hair.

- Removing hair from the root can cause ingrown hair. If you know that you are prone to ingrown hair, removing hair from the root may not be suitable for you. Regular skin massaging with a massaging glove or loofa, may help reduce the chance or concurrence of ingrown hairs.
- You can use your appliance with the adapter supplied with the unit, after being plugged into an electric outlet.
- Use your **Arzum Softy Hair Removal** in a location that has a comfortable temperature in which it will not cause perspiration.
- Make sure that the areas you wish to remove hair from are clean, dry, and free from moisturizing cream or oil.

## USING THE DEPILATION HEAD

- Remove the protective cap, by gently pulling, from your unit.

- Turn your unit to the desired speed, low is recommended for fine hair and high is recommended for coarse hair.

0 Power "Off"

1 Low speed

2 High speed

- To minimize discomfort, hold the skin taut surrounding the area from which you are removing hair.
- Position your appliance so that it is vertical against your skin, at a 90° angle.
- Gently slide your unit in short, quick, brush like or sweeping strokes in the direction of hair growth. For your protection, your appliance may slow down, or stop operating completely if it is pressed too hard against the skin.
- Slide the appliance on the same area until you remove all the unwanted hair. The life of your unit depends upon the density, quantity, and type of your hair. Your using time will shorten since you will have less hair after regular use for a few months.
- Clean your appliance after every use, to ensure using for many years and obtaining best results.

# CLEANING THE DEPILATION HEAD

- Your regular cleaning and care of your **Arzum Softy Hair Removal** will extend the life of your unit.
- Turn your appliance to off "0" position.
- Unplug the unit from electric outlet.
- Before removing the depilation head, pull out the plastic cap located on the head, which protects the tweezers, by gently pushing on each side of the head.

- Use the brush provided with the unit to brush out any hair that has accumulated on the tweezers.

- Replace the plastic cap that protects the tweezers, by pressing lightly on the depilation head until it clicks into place.
- After replacing the transparent cover of the depilation head in its place, remove the depilation head from the unit by pressing the release button on the side of the unit.
- Use the brush provided with the unit to remove any hair that has accumulated between the depilation head and the main unit.
- Replace the depilation head by pressing until it clicks into place on the main unit.

## Attention 1

**When placing the depilation head into the unit, make sure that the teethed wheel on the unit and the teethed wheel on the depilation head line up.**

## Attention 2

**Do not clean the appliance using water or other liquids. Disc heads may be scoured by rubbing with alcohol.**

# HYGIENE

- To clean the stainless steel tweezers, use rubbing alcohol on the tip of the tweezers with a cotton swab that has been squeezed dry. Before using such cotton swab, make sure that it is not soaked with alcohol. Do not use any other liquid to clean this unit.
- Depilation is for private use only. In accordance with the hygiene rules, this kind of tool must not be used by others.

# USING THE SPECIAL SHAVER HEAD FOR SENSITIVE AREAS

- Turn your appliance to off "0" position.
- Unplug the unit from electric outlet.
- Gently remove the depilation head from the unit by pressing the release button on the side of the unit.

- Attach the shaver head and slightly pres until it clicks into place.

# ATTENTION

**When placing the shaver head into the unit, make sure that the teethed wheel on the unit and the teethed wheel on the shaving attachment line up.**

- Remove the protective cover on the head.

- The shaver head should only be used at the High Speed "2" setting.
- Hold your appliance so that it is vertical against your skin, at a 90° angle (in the upright position). This allows the shaver to trap the hair through the holes of its metal protection cover and smooth away any stubble.
- To ensure more speedy and effective shave with special shaving attachment trim hairs that are longer than 10mm, before using your unit.

# CLEANING THE SPECIAL SHAVER HEAD FOR SENSITIVE AREAS

- Turn your appliance off to "0" position.
- Unplug the unit from electric outlet.
- Separate the foil section plastic cover by pressing the foil release buttons on both sides of the head, before disassembling the special shaver head from the main unit.

• Clean the hairs that have remained on the foil and blade, by using the brush which supplied with the unit.

• You can clean the foil by gently tapping it on a flat surface.

• Replace the folio section plastic cover on the special shaver head mounted in the main unit, by slightly pressing until it clicks into place. Then, replace the transparent protective cap on the special shaver head.

• Remove the special shaver head by pressing the head release buttons on both sides of the main unit.

• Clean the hairs that have remained on the main unit, by using the brush which is supplied with the unit.

## Frequently Asked Questions

**Q: Does the Arzum Softy irritate?**

**A:** When using your **Arzum Softy Hair Removal** for the first time, you feel as if a sharp object would prick your skin. This is due to removal of your hair from the root. After a few sessions depilation process will be made with less irritation, even in sensitive skins.

**Q: How should I hold the Arzum Softy?**

**A:** You can hold the **Arzum Softy Hair Removal** with your palm or finger tips. You should place the appliance in your hand so that the stainless steel discs are at a 90° angle against the area you want to remove the hair from, and that the tips of the tweezers come in contact with the skin smoothly. If you hold the skin taut surrounding the area you use, this will soothe any irritation.

**Q: Should I use the Arzum Softy as a standard shaver?**

**A:** No. There is no need to apply pressure; slide your appliance gently. If you press the unit too hard against the skin your appliance may, for your protection, slow down or stop operating completely.

**Q: Can I use the Arzum Softy around the lip or cheek?**

**A:** Yes. **Arzum Softy** can be used to remove individual facial hairs from the upper lip, chin, and cheek area. Never use the **Arzum Softy** by the hairline, forehead, eyebrows, or eyelashes.

**Q: Can I use the Arzum Softy Hair Removal on the bikini line and underarms?**

**A:** Yes. You are required to hold the area taut before starting application since such areas are sensitive. You get best results if you use the appliance after removing dead skin by using fiber sponge or exfoliation cream during bath or shower.

**Q: What should I do if my skin reddens after using the Arzum Softy Hair Removal?**

**A:** Removal of the hair from the root may cause redness or irritation. You can remove any irritation by using aloe Vera lotions or after depilation creams.

**Q: Can I use the Arzum Softy Hair Removal even having varicose veins?**

**A:** For this kind of medical problems, we recommend you first to consult with your physician.

**Q: Is it necessary to clean the Arzum Softy Hair Removal?**

**A:** Yes. We suggest you to clean the unit after every use.

**Q: Should the Arzum Softy Hair Removal be used by others than me?**

**A:** No. For hygienic purposes, the **Arzum Softy** should be used by one person only.

**Q: How can I disinfect the Arzum Softy Hair Removal?**

**A:** You can clean the stainless steel tweezers, by using rubbing alcohol on the tip of the tweezers with a cotton swab that has been squeezed dry. Make sure that the cotton swab is not soaked with alcohol before using cotton swab.

**Q: What is the purpose of white parts near the tweezers?**

**A:** They are patented hair guiding components to guide the soft hair to the direction of tweezers discs.

**Q: I have a pacemaker. Does it have an unfavorable effect if I use the Arzum Softy Hair Removal?**

**A:** For such kind of medical issues we recommend you first to consult with your physician.

**Q: When should I use the Special Shaver Head?**

**A:** You may make depilation process to obtain long-term results, or use the special shaver head to be free from coarse hairs, whichever depending upon your choice.

**Q: How can I change the depilation head or the shaver head?**

**A**: Turn your unit to off "0" position; unplug it from electric outlet; remove the head from the unit by gently pressing the release button on the side of the unit. Mount the other head into the unit by slightly pressing until it clicks into place. When placing the head into the unit, make sure that the teethed wheel on the head and the teethed wheel on the unit line up.

**Q: How to clean the special shaver head?**

**A:** We recommend you to clean the special shaver head after every use. Use the brush to clean the unit.

## GARANTİ ŞARTLARI

1. Garanti süresi, malın teslim tarihinden itibaren başlar ve 3 yıldır.

2. Malın bütün parçaları dahil olmak üzere tamamı Firmamızın garanti kapsamındadır.

3. Malın garanti süresi içerisinde arızalanması durumunda, tamirde geçen süre garanti süresine eklenir. Malın tamir süresi en fazla 20 iş günüdür. Bu süre, mala ilişkin arızanın servis istasyonuna, servis istasyonunun olmaması durumunda, malın satıcısı, bayii, acentası, temsilciliği, ithalatçısı veya imalatçısı-üreticisinden birisine bildirim tarihinden itibaren başlar. Malın arızasının 10 gün içerisinde giderilememesi halinde imalatçı-üretici veya ithalatçı malın tamiri tamamlanıncaya kadar, benzer özelliklere sahip başka bir malı tüketicinin kullanımına tahsis etmek zorundadır.

4. Malın garanti süresi içerisinde gerek malzeme ve işçilik, gerekse montaj hatalarından dolayı arızalanması halinde, işçilik masrafı, değiştirilen parça bedeli ya da başka herhangi bir ad altında hiçbir ücret talep etmeksizin tamiri yapılacaktır.

5. Tüketicinin onarım hakkını kullanmasına rağmen malın;

- Tüketiciye teslim edildiği tarihten itibaren, belirlenen garanti süresi içinde kalmak kaydıyla, bir yıl içerisinde; en fazla dört defa veya belirlenen garanti süresi içerisinde altı defa arızalanmasının yanı sıra, bu arızaların maldan yararlanamamayı sürekli kılması,

- Tamiri için gereken azami süresinin aşılması,

- Satın alma tarihi 30 günü geçmemiş olan cihazın arızalı olması,

- Firmanın servis istasyonunun, servis istasyonunun mevcut olmaması halinde sırayla satıcısı, bayii, acentesi temsilciliği ithalatçısı veya imalatçı-üreticisinden birisinin düzenleyeceği raporla arızanın tamirini mümkün bulunmadığının belirlenmesi, durumlarında tüketici malın ücretsiz değiştirilmesini, bedel iadesi veya ayıp oranda bedel indirimi talep edebilir.

6. Malın kullanma kılavuzunda yer alan hususlara aykırı kullanılmasından kaynaklanan arızalar garanti kapsamı dışındadır.

7. Garanti Belgesi ile ilgili olarak çıkabilecek sorunlar için Gümrük ve Ticaret Bakanlığı Tüketicinin Korunması ve Piyasa Gözetimi Genel Müdürlüğü'ne başvurabilir.
